

Safood

DESCRIPTION

Safood is a seamless knitted glove constructed of a revolutionary blended yarn combining high density dyneema with light coated stainless steel fibre.

'Dyneema': White polyethylene fibre and pound-for-pound, ten times stronger than steel, more durable than polyester and has a specific strength that is 40 percent greater than aramid fibre.

- High cut resistance
- 13 gauge construction for ultimate comfort & flexibility
- Extra length for added protection (+18%)
- Lint free and ambidextrous (will fit either hand)

RECOMMENDATION

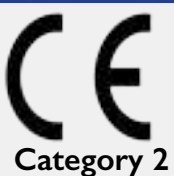

- Food & Drink De-boning & Carving Automotive
- Press Shop
- Metal & Glass Industry Aeronautics

PRODUCT INFORMATION

Material	Coating: Stainless steel Liner: Dyneema
Colour	Grey
Packaging	10 pairs per bag/100 pairs per case
Sizes	7-10

CERTIFICATION

EN388

354x

- Silicone free version available on demand
- Cold resistance version available on demand
- Longer wearer resistance Machine washable at 40C
- Moving or rotational equipment will cut this glove.
