

## TEK 547

### DESCRIPTION

Lightweight black cut level 3/B liner with blue silica dots. The glove provides excellent dexterity and comfort. It is completely lint free and can be used in a class 100 cleanroom environment. A key feature of this glove is that it is breathable both in the palm and back of the hand. The dots are made of silica and provide a superb grip on slippery substances.

### RECOMMENDATION

The perfect gloves for handling sharp objects where extra grip is needed.
